A permit becomes null and void if work or authorized construction has not commenced within 180 days, or if construction or work is suspended or abandoned for a period of 180 days at any time after work has commenced. All construction must be completed within six (6) months from issuance of permit. If construction is not completed within six (6) months you may request a six (6) month extension at no cost. If construction or work is not completed within twelve (12) months, you will have to apply for a new permit at the current cost. All permits require final inspection.

A final inspection must be passed before any building is occupied.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.
